Senior surgeon	450 EUR

Not inclusive social dinner
20 Students

Aim of the course

This course presents the latest evolution in the field of Head and Neck reconstruction after carcinologic resection.

Starting from the basic flap elevation techniques, the most refined and up-to date modifications will be presented. Life surgery videos will be presented and teams of 2 students will be able to perform them afterwards on fresh cadavers under the supervision of 1 faculty member.

This course is aimed towards residents, chief residents and seniors who have the desire to improve their practice in this highly specialized

Gustave Roussy Faculty members:

F. Kolb:
Plastic Surgery. Director of the course

B. Sarfati
N. Leymarie
J.F. Honart
H. Alkhashnam
Plastic Surgery

N. Assouly
H. Mirghani
ENT

French Invited Faculty Members

M. Julieron:
ENT, Oscar Lambret - Lille
S. Deneuve
ENT, Léon Bérard - Lyon

B. Baujat
M. Lesnik
ENT, Tenon - Paris

Intertional Invited Faculty members:

J. Masia:
Plastic Surgery. Barcelona

S. Pompei:
Plastic Surgery. Rome

S. Suominen
J. Vuola
Plastic surgery. Finland

S. Mattine:
Plastic Surgery. London.

Principles in Head & Neck Reconstruction

The 10-11-12 June 2015

*Institut d'anatomie
Université René Descartes*

*Organized by the Head and Neck
oncologic department of the Gustave
Roussy with the participation of
international guests*

Secretary information and inscription :

Mrs Patricia Mathieu
Department of Head and Neck Oncology
Gustave Roussy, Cancer Campus Grand Paris
114 rue Edouard Vaillant, 94 805 Villejuif, France

Phone: (00 33) (0) 1 42 11 46 06

Fax : (00 33) (0) 1 42 11 52 73

Program of the course

Day 1: Wenesday the 10th of June 2015

Morning: Introduction in head and neck reconstruction

1. Head and neck reconstruction in oncology : history and present (Q. Qassemyar 10 mn)
2. General principles of head and neck reconstruction after carcinologic resection (Q. Qassemyar 10 mn)
3. State of the Art in soft tissues replacement (S. Pompei 20 mn)
4. Presentation of flaps
 - * Paramedian forehead flap (S. Pompei 15 mn)
 - * Submental flap (B. Sarfati 15 mn)

Afternoon: Reconstruction of the tongue

1. State of the art in tongue reconstruction (H. Mirghani 15 mn)
2. Presentation of flaps
 - * The anterolateral thigh flap (S. Mattine 15 mn)
 - * The forearm flap (M. Lesnik 15 mn)
 - * The DIEP flap (J. Masià 15 mn)

Morning sessions schedule

* 8h30 AM – 1h00 PM

Afternoon sessions schedule

* 2h00 PM – 6h00 PM

Day 2: Thursday the 11th of June 2015

Morning: Reconstruction of the upper-maxilla and midface

1. State of the art in midface reconstruction (Q. Qassemyar 20 mn)
2. Presentation of flaps
 - * The latissimus dorsi flap (Q. Qassemyar 15 mn)
 - * The scapulo-dorsal flap (Q. Qassemyar 15 mn)

Afternoon: Reconstruction of the pharyngo-larynx

1. State of the art in pharyngo-laryngeal reconstruction (B. Baujat 15mn)
2. Presentation of flaps
 - * Jejunum flap (N. Leymarie 15 mn)
 - * Supra-clavicular flap (N. Leymarie 15mn)
 - * Deltopectoral flap and other fascio-cutaneous flap of the thorax (H. Alkhashnam 15mn)

Social diner

20:30 PM

Day 3: Friday the 12th of June 2015

Morning: Reconstruction of the oral cavity

1. State of the art in oral cavity reconstruction (N. Leymarie 15 mn)
2. State of the art in facial reanimation (S. Suominen 15 mn)
3. Presentation of flaps
 - * Mucosal flaps = FAMM & buccinator flaps (N. Assouly 15 mn)
 - * Pectoralis major flap (N. Assouly 15 mn)
 - * Gracilis flap (S. Suominen 15 mn)
 - * Thoraco-dorsal perforator flap (S. Deneuve 15 mn)

Afternoon: Reconstruction of the mandible

1. State of the art in mandible reconstruction (M. Julieron 15 mn)
2. Presentation of flaps
 - * The fibula flap (M. Julieron 15mn)
 - * The iliac crest flap (S. Pompei 15mn)
 - * The scapula in mandibular reconstruction (J.F. Honart 10mn)

Location of the course

Faculté de Médecine de paris

45 rue des Saints, Pères, 75006 Paris,
France

Métro: Saint Germain des Prés,
lignes N° 10 & 12
